**New Catalog- “Additional Products Offering”**  
**Complete line of Lighting Fixture- Variety of Energy Star qualified!**

Royal Pacific is excited to announce the first installment of its supplement catalog titled “Additional Product Offerings”. This catalog is packed with an array of great lighting product that is diverse enough to cover decorative to architectural grade projects. With the convenience of an all-in-one catalog, Royal Pacific demonstrates why they continue to be one of the strongest suppliers to both new and remodel multi family construction.

Royal Pacific’s full color “Additional Products Offering” catalog covers vanity lighting, indoor wall and ceiling mount lighting fixtures, and outdoor wall and ceiling mount lighting fixtures, colorful as well as elegant pendants and chandelier lighting fixtures. These diverse and complete lighting product lines will add great value and energy efficient to your project, saving everyone involved time and the all mighty dollar.

Royal Pacific has manufactured and supplied wholesale electrical distribution with ceiling fans and lighting fixture for over 20 years. Royal’s complete product offering is compliant with CUL, UL and is an Energy Star partner where applicable. Royal’s continuous efforts to develop quality energy efficient products can be seen in the wide variety of choices they offer in recessed down lighting, track lighting, ceiling fans, exit/emergency lighting, under cabinet lighting, lamp package and wiring devices.
